REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Freedom:

This report is submitted to you after only two weeks in your Union. I am particularly pleased to begin work here as it brings me back to a part of New Hampshire with which I am somewhat familiar. I anticipate a great deal of pleasure from being your Superintendent of Schools.

School supervision in Union 36 has been upset the last few months because of the changes in superintendents. Much of the responsibility which is normally the administrator's has had to be assumed by the school board members. They and the teachers are to be commended for the fine conditions that have been maintained in the schools.

Freedom has been fortunate in having Mrs. Olive Eldridge as teacher, grades 1-4, and Miss Edna Lord as teacher for grades 5-8. Extreme scarcity of teachers makes us wonder how all positions will be filled for the school year 1944-1945. This year former teachers felt a sense of patriotic duty to return to the profession when local conditions became critical. I assume that it will be from this group that many districts will find faithful teachers.

Citizens of Freedom undoubtedly recognize the fact that the costs of maintaining schools are rising along with the increased cost of everything else. Taxes, living conditions, and the great scarcity of teachers have necessitated increased salaries; the cost of materials and labor makes all kinds of repairs higher, and other expenses have risen proportionally.

It seems extremely important during these times of unsettled conditions that the best education possible in reading, writing, arithmetic and citizenship be maintained. This necessitates an unusual amount of effort, thought and patience on the part of citizens,

teachers and pupils. It is only through the cooperation of all concerned that the generation now growing up can be given an adequate education.

Respectfully submitted,
HAMMOND A. YOUNG
